- Charge time: 2.5h ~ 3H
- Charging auto shut off: 4H
- Light display: Orange (charging) / White (fully charged)

Important Safety Instructions

WARNING When using this product, basic precautions should always be followed, including the following:
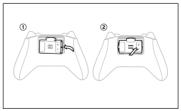

- Read all of the instructions before using the product.
- To reduce the risk of injury, close supervision is necessary when the product is used near children.
- Do not put fingers or hands into the product.
- Do not expose battery to rain or snow.
- Use of a power supply or charger not recommended or sold by the battery manufacturer may result in a risk of fire or injury to persons.
- Do not expose to fire or excessive temperatures.
- Exposure to fire or temperature above 212ºF (100ºC) may cause the battery to explode.
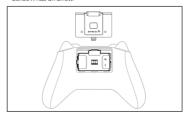

Installing the Battery and Cover

- **Step 1** - Check the positive (+) and negative (-) symbols of the battery pack and the battery compartment of your XBOX wireless controller.

positive (+)

negative (-)

- **Step 2** - Insert the battery pack and make sure it is aligned properly. If it is inserted incorrectly, the battery will not power the controller and may cause a malfunction.

① ②

- **Step 3** - Be sure to use the correct cover for your controller. XBOX One has an A marking on the back and the XBOX Series X has an arrow.
