Need Help?

Have any questions or comments? Need help getting set up? Contact us at <https://care.gamestop.com>

What's Included

- Wireless Headphone
- Wireless Speaker
- 3.5mm Aux Cable
- USB-A to Micro-USB Charging Cable (Note: charging cable does not transfer data)

Headphone LED Indicators

- Rapid Flashing Red and Blue - Pairing
- Flashing Blue - Paired
- Flashing Red - Low Battery
- Solid Red - Charging
- No Red Light - Charging Complete

Pairing the Headphones

- Pairing:**
 - Power ON the headphones. When pairing for the first time the headphones will automatically enter pairing mode. The Indicator light on the right side of the headphones will flash red & blue.
 - Use the bluetooth settings on your device to pair with **AtrixHeadphone**. When the indicator lights flash blue every 5 seconds the pairing was successful.
Note: Hold power button for 3 seconds to power on/off.
- Re-enter Pairing:**
 - To re-enter pairing with your device, use your devices bluetooth menu to disconnect from the headphones.
 - To re-enter pairing using the headphones, hold the volume up and down buttons for 3 seconds to disconnect, the light will flash blue and red. Re-connect using the pairing instructions.

Charging the Headphones

- Plug the Micro-USB end of the charging cable into the headphone.
- Plug the USB-A end of the charging cable into a UL compliant power supply of at least DC 5V 500mA.
- A full charge requires approximately 3 hours.
- The red light will turn blue when charging is complete. Noted: headphones can not playback when charging.

AUX Setup

- The headphone comes with an AUX cable
- Plug the AUX cable into the headphones and into your device.

EQ Mode

- Press the EQ Mode button once to turn on EQ mode and enhance the bass effect.

ATRIX AUDIO BUNDLE WIRELESS SPEAKER USER GUIDE

Speaker LED Indicators

- Rapid Flashing Blue - Pairing
- Solid Blue - Paired
- Solid Red - Charging
- No Red light - Charging Complete

Pairing the Speaker

- Pairing:**
 - Power ON the speaker.
 - When pairing for the first time the speaker will automatically enter pairing mode. The indicator light will rapidly flash blue when it is ready to pair.
 - Use the bluetooth settings on your device to pair with **AtrixSpeaker**.
 - The speaker is connected when the indicator light turns solid blue.
 - Once you are paired with a device it will automatically re-connect the next time you turn it on if it's in range with the device and bluetooth mode is switched on.
- Re-enter Pairing:**
 - To re-enter pairing mode disconnect from your device using the bluetooth menu.

Charging the Speaker

- Plug the Micro-USB end of the charging cable into the speaker.
- Plug the USB-A end of the charging cable into a UL compliant power supply of at least DC 5V 500mA.
- A full charge requires approximately 3.5 hours.
- The Red light will turn off when charging is complete.

Important Safety Instructions
WARNING When using this product, basic precautions should always be followed, including the following:
Read these instructions carefully.
All cautions and warnings should be followed.
Protect equipment from humidity.
Do not use chemical detergents to clean your device, use a soft dry cloth.
To avoid damage from electrical peaks unplug the device when it is not in use.
If one of the following situations arise, equipment has to be checked by qualified service personnel:
• Liquid has penetrated into the equipment.
• Equipment has been exposed to humidity.
• Equipment has been dropped and/or is damaged.
• Equipment has obvious sign of breakage.
• Equipment does not work well or you cannot get it working according to user's manual.

SAVE THESE INSTRUCTIONS
This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
