As explained in greater detail below, we may disclose certain categories of Personal Information with the types of entities set forth in this section for business purposes (as defined by applicable law) or as required by applicable law:

Third parties will only have access to your Personal Information as reasonably necessary to perform these tasks on our behalf and are not permitted to disclose or use it for other purposes.

GameStop Corporate Group:

GameStop may share Personal Information among our corporate parents, subsidiaries, affiliates or divisions for internal business purposes in accordance with this Privacy Policy. To learn more about our corporate group, please visit news.gamestop.com/about-gamestop.

Tournaments:

If you register for tournaments through GameStop, we may share your Personal Information with the tournament host, and they may use it for internal tracking and analytics. For instance, if you give us your Xbox Live Gamertag for a Microsoft tournament, Microsoft will use that information for internal research or other purposes.

Affiliates and Marketing Partners:

We may use the information that you provide us, or that we collect about you, in connection with the promotion of our products and services and those of our affiliates, including by sending or providing you with offers or promotional information. If you accept an offer from one of our third-party marketing partners, we may share your contact information with them.

Affiliate Programs:

We offer an affiliate program through a third-party affiliate manager. This program allows other websites to earn money by directing people (through links) to our Website. If you sign up as an affiliate, your Personal Information (such as website address and related information, email address, mailing and payment addresses, and contact information) is sent to the third-party affiliate manager who activates your affiliate status and pays you based on the sales you generate for our Websites. You may apply for this program using an Affiliate Program application.

Links to Third Parties:

Links to third-party websites are provided as a convenience to you. Once you leave our website, we neither control nor have responsibility for third-party sites, their content, or their privacy practices. We encourage you to read the terms and conditions and privacy policy of each third-party service that you access or utilize. Some of our pages utilize framing techniques to serve content from our partners while preserving the look and feel of our website. Please be aware that you are providing your Personal Information to these third parties and not to one of our websites.

Sale or Transfer of Business or Assets:

Your Personal Information may be transferred or disclosed to a purchaser or prospective purchaser in the event of a sale, assignment, or other transfer of all or a portion of our business or assets.

Third-Party Advertising:

Advertisements that appear on our website are sometimes served directly to users by third-party advertisers with which we have agreements. They automatically receive your IP address when this happens. These third-party advertisers may also place cookies on your computer or use other technologies such as JavaScript and "web beacons" (also known as "1x1 gifs" or "clear gifs") to measure the effectiveness of their ads and to personalize advertising content. Doing this allows the advertising network to recognize your computer each time they send you an advertisement in order to measure the effectiveness of their ads and to personalize advertising content. In this way, they may compile information about where individuals using your computer or browser saw their advertisements and

determine which advertisements are clicked. Third-Party Advertisers may also serve advertisements to you on other websites, based on their tracking of what content you looked at or interacted with on our Websites. We do not have control over how these third-party advertisers use information from these technologies, and that activity is not governed by this Privacy Policy.

We use third-party advertising companies to serve ads when you visit our Website. These companies may use information about your visits to this and other Websites in order to provide advertisements about goods and services of interest to you. If you would like more information about this practice and to know your choices about not having this information used by these companies, please see: https://www.networkadvertising.org/managing/opt_out.asp

If you have provided our app or other apps with access to your location, our mobile advertising partners may use your location to target advertisements to you. You can use the location features on your device to disable this targeting.

Cookies, Web Beacons, and Similar Technologies

In addition to the third party uses of cookies described above, we may use cookies and similar technologies (e.g. web beacons, pixels, ad tags and device identifiers) to recognize you and/or your device(s) on, off and across different Services and devices. For detailed information on the cookies we use, the purposes for which we use them, and how to disable them, see below.

Cookies:

We automatically collect information through the use of cookies. Cookies are small text files stored by your Web browser. Cookies allow us to identify and authenticate visitors, track aggregate behavior, and enable important site features (such as storing items placed in your shopping cart between visits). For instance, we or authorized third parties may use cookies to help maintain the integrity of video statistics, prevent fraud and to improve the site experience.

We use both session ID cookies and persistent cookies. A session ID cookie expires when you close your browser. We use session cookies to maintain your shopping state as you browse through the site. A persistent cookie remains on your hard drive for an extended period of time. We use persistent cookies to maintain your login information so that your cart and login remain available when you return to the site. We also contract with analytics services and third-party advertising companies to collect similar information for specific purposes. The use of cookies by our partners is not covered by this Privacy Policy.

Most browsers will tell you how to manage your cookies, often through the "help" area on your browser's toolbar. Because cookies allow you to have the benefit of our personalized features, we recommend that you leave them turned on. Disabling cookies for our Websites may impact their usability.

Targeted Advertising:

Third-party advertising companies serve ads on our behalf across the Internet. They may collect information about your browsing activities through cookies on other sites, and then display targeted ads on various sites that you visit. If you wish to opt-out of interest-based ads, then you may do so [here](#). Please note this does not opt you out of being receiving ads, only targeted ones. To opt out of third-party advertising or analytics, please see section " How to Contact Us" below.

Social Media:

Our Sites include social media features, such as the Facebook "Like" button and widgets, the "share this" widget, or interactive mini-programs that run on our site. These features may collect your IP address, which page you are visiting on our Site, and may set a cookie to enable the feature to function properly. Social media features and widgets are either hosted by a third party or hosted directly on our Sites. Your interactions with these features are governed by the privacy statement of the company providing it. We may post GameStop information on social media sites. Your comments and other reactions will be visible if you respond.

Do Not Track:

Do Not Track (“DNT”) is a privacy preference that users can set in certain web browsers. However, we do not currently recognize or respond to browser-initiated DNT signals.

Data Retention and Account Closure:

If you wish to close your account, we will keep some of your Personal Information after you close your account to comply with our legal obligations (including law enforcement requests), meet regulatory requirements, resolve disputes, maintain security, prevent fraud and abuse, enforce our Terms and Conditions, or fulfill your request to "unsubscribe" from further messages from us. We will retain de-identified information after your account has been closed but will destroy your Personal Information when it is no longer needed for the foregoing purposes.

CCPA Consumer Privacy Rights:

Without being discriminated against for exercising these rights, California residents have the right to request that we disclose what Personal Information we collect from you, to delete that information, and to opt-out of the sale of your Personal Information, subject to certain restrictions. You also have the right to designate an agent to exercise these rights on your behalf. This section describes how to exercise those rights and our process for handling those requests. To the extent permitted by applicable law, we may charge a reasonable fee to comply with your request.

Right to Request Access to Your Personal Information:

California residents have the right to request that we disclose what categories of your Personal Information that we collect, use, or sell. You may also request the specific pieces of Personal Information that we have collected from you. However, we may withhold some Personal Information where the risk to you or our business is too great to disclose the information.

Right to Request Deletion of Your Personal Information:

You may also request that we delete any Personal Information that we have collected from you. However, we may retain Personal Information necessary to (a) protect our business, systems, and users from fraudulent activity, (b) to address technical issues that impair existing functionality, (c) ensure that we or others can exercise their free speech or other rights, (d) comply with law enforcement requests pursuant to lawful process, (e) for our own internal purposes reasonably related to your relationship with us, or to comply with legal obligations. Additionally, we need certain types of information so that we can provide our Services to you. If you ask us to delete it, you may no longer be able to access or use our Services.

How to Exercise Your Access and Deletion Rights:

California residents may exercise their California privacy rights by submitting your request to the following [link](#) or contacting us via one of the methods in the “How to Contact Us” section.

We will not deny, charge different prices for, or provide a different level of quality of goods or services if you choose to exercise these rights.

Authorized Agents:

You may designate an agent to make requests to exercise your rights under CCPA as described above. We may allow certain third parties (such as certain advertising partners) to collect your personal information via automated technologies on GameStop websites and applications in exchange for non-monetary consideration (such as an enhanced ability to serve you content and advertisements that may be of interest to you). California law defines sale broadly. This only applies to the browser you were using and only for the device you were using at the time you registered your preference. If you access GameStop websites from other browsers or devices you will also need to make this selection on each browser and device. If you clear cookies on your browser after opt-out, your browser will no longer remember your preference, and you will need to reset your preference.

If you turn on the Global Privacy Control (GPC) in participating browser systems to opt out of the sale of your personal information in your browser and we receive that signal from the GPC, we will honor your setting for that browser. You will need to turn this on for each browser you use. To learn more about the GPC, visit the [Global Privacy Control](#) website

For our mobile application, go to the “Do Not Sell My Personal Information” page in the About/Feedback menu.
